WORLD-CLASS LODGING

Canyons Resort features an array of world-class accommodations. Properties managed by Canyons Resort allow you to choose your lodging to suit your family or individual style. The range of lodging options are as diverse as our mountain including: the AAA four-diamond, ski-in / ski-out Grand Summit Hotel & Spa, the Sundial Lodge in the heart of the Resort Village, and the contemporary Silverado Lodge. For more information and reservations, call 888.226.9667.

BE SAFE OUT THERE

FIRST AID
An on-site clinic is located in the base area. First aid facilities are available at the top of many lifts as indicated on the map. If you come across an accident, cross a pair of skis or place a snowboard in the snow uphill of the scene to warn other skiers and to help Ski Patrol locate the accident. Do not move the injured person unless absolutely necessary. Notify a patroller, have someone call for patrol or contact a lift attendant at the base of any lift and have them contact patrol. For Ski Patrol/Dispatch, call 435.615.3322.

“SMART STYLE” IN FREESTYLE TERRAIN

Make A Plan. Every time you use Freestyle Terrain, make a plan for each feature you want to use. Your speed, approach and takeoff will directly affect your maneuver and landing.

Look Before You Leap. You are responsible for inspecting Freestyle Terrain before initial use and throughout the day. The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter when necessary.

Easy Style It. Always ride or ski in control and within your ability level. Do not attempt Freestyle Terrain unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using Freestyle Terrain, both on the ground and in the air.

Respect Gets Respect. Respect Freestyle Terrain and others. Only one person on a feature at a time. Wait your turn and call your start. Always clear the landing area quickly. Respect all signs and do not enter Freestyle Terrain or use features when closed.

ELECTRONIC DEVICES

Canyons Resort discourages the use of electronic devices – cell phones, music players, or earphones – while skiing and snowboarding, or loading and unloading lifts.

LIFT SAFETY

Under the law, you cannot board a lift unless you have sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safely, or until you have asked for and received information sufficient to enable you to use the lift safely. You may not use a lift or any ski trail when under the influence of drugs or alcohol.

SNOWCATS AND SNOWMOBILES

CAUTION - Snowcats, snowmobiles and snowmaking may be encountered at any time.

SLOW ZONES

Certain areas (indicated on the map in yellow) are designated as SLOW ZONES. Please observe the posted slow areas by maintaining a speed no faster than the general flow of traffic. Space and speed are especially important in these areas. Fast and aggressive skiing will not be tolerated and may result in termination of skiing / riding privileges.

HELMET USE

Canyons Resort encourages our guests to wear a helmet. While helmets may mitigate or reduce the severity of some head injuries, their use does not guarantee safety and will not prevent certain injuries. Canyons Resort reminds you that every winter sport participant shares responsibility for his or her safety and for that of others using the ski area facilities.

AVALANCHE AND SNOW SAFETY

Avalanches may occur both inside and outside of the developed ski area at any time. Avalanches are an inherent risk of the sport due to the nature of snow and its accumulation on steep, mountainous terrain. When skiing in deep, unconsolidated snow, beware of the risk of deep snow immersion accidents and / or suffocation, particularly around the base of trees. Always ski with a partner, stay aware and observe all posted signs and warnings.

HIGH-ALTITUDE ENVIRONMENT

Some visitors may experience symptoms associated with Canyons Resort's high altitude. Symptoms may include headaches, nausea, loss of appetite, restless sleep, coughing and difficulty in breathing. If symptoms persist or if you have a concern about your health, you should seek medical attention.

PROTECT YOUR SKIING AND RIDING

Canyons Resort would like to remind you that your ticket or pass is non-transferable and may not be resold or used by anyone other than the person to whom it was issued. Please report lost or stolen passes to resort staff or law enforcement immediately. Resort staff may ask you to show your pass or ticket at any time. Failure to show a valid pass or ticket or engaging in fraudulent behavior of any kind may result in loss of skiing and riding privileges or criminal prosecution.

ENVIRONMENTAL COMMITMENT

We are committed to being a steward of the environment and helping preserve our ecosystem for future generations. We participate in the following: NSAA Sustainable Slopes Environmental Charter, Official NSAA “No Idling” Resort, Resort Recycling Program, Clean the World, Rocky Mountain Power Blue Sky Program, low energy snowmaking guns and power generating solar panels on the Tombstone Patrol Hut.
